

You're Invited to Participate in the District of Vanderhoof Housing Needs Assessment!

WHAT?

The Housing Needs Assessment is intended to give the District a snapshot of the current housing supply in Vanderhoof, gaps in that housing supply as well as projections on what types of housing may be needed in the future. Findings from the Assessment will provide clear and concise data for District Staff to reference when speaking with potential partners, non-profit housing providers and developers regarding what types of housing is needed.

PUBLIC SURVEY

As a resident of Vanderhoof you are invited to participate in an online public survey in order to give us a better idea of the current and emerging housing needs of the District. The public survey can be accessed via the link provided below. If you are unable to access the public survey online, hard copies of the survey are available for you at the District of Vanderhoof office.
